Repeated voting shall cover candidates that have obtained the same or the biggest number of votes. A candidate that has obtained the biggest number of votes "for", given the absolute majority of votes, shall be deemed as appointed.

In the case of repeated voting arising from the equal number of votes obtained by Returning Committee members, voting shall cover those candidates that have obtained the equal number of votes and in the case of failure to appoint because of the absence of the absolute majority of votes, voting shall cover those candidates who have obtained the biggest number of votes, but the second round shall cover only candidates at the

Procedural breaks may not be ordered to make it difficult to Shareholders to exercise their rights.
4. A brief break in the General Meeting shall be deemed as a break lasting not longer than 30 minutes and relating to procedural or technical issues connected with the agenda of the General Meeting, justified if it is necessary, in particular, to make final editorial changes in the content of a resolution, use legal services or multiply the number of materials for Shareholders.

2. Subject to the Shareholders' consent, discussion may cover several items of the agenda at the same time.
3. The Chairman shall give the floor out of turn to members of the Management Board, Supervisory Board or the Company's auditor.
4. The Chairman may order speakers to sign up in writing by giving their first names and surnames and, if a speaker represents a Shareholder, the first name and surname or the company's name of the Shareholder, as well.
5. The Chairman may define the maximum number of speakers taking part in the discussion on particular items of the agenda, as well as the maximum number of speeches of one Shareholder or his/her representatives.
6. During the discussion, each speaker shall discuss only the defined issue of the agenda that the discussion refers to. Otherwise, § 18.7 shall apply.
7. The Chairman may define time attributable to each speaker during the discussion unless Shareholders adopt a different motion on limiting speech time. The restriction referred to in the previous sentence shall not apply to members of the Management Board, Supervisory Board and the Company's auditor, unless they attend the General Meeting as a Shareholder or the representative of a Shareholder. In the case the Shareholder is represented at the General Meeting by two or more proxies, the total time of speech may not exceed time defined by the Chairman or Shareholders for one speaker.
8. The Chairman may take the floor from a speaker who strays from the issue currently discussed by Shareholders, exceeds speech time, infringes legal regulations or good habits by his/her speech, or does not allow for running the General Meeting.
9. During the General Meeting, Shareholders shall have a right, until the discussion on a given item of the agenda is closed, to suggest amendments to the draft resolution to be adopted by Shareholders under a given item of the agenda or suggest their own draft resolution. Any proposal of amendments or new draft resolution shall be submitted together with justification. Proposals of amendments or draft resolutions may be submitted in writing to the Chairman or verbally in order to be recorded in the minutes of the meeting. They shall include the first name and surname or the company's name of the Shareholder and, in the case of the Shareholder represented by a proxy, the first name and surname of such a representative, as well.
10. A decision on closing the discussion shall be made by the Chairman.

1. Shareholders present or represented at the General Meeting may adopt resolutions only with regard to issues of the agenda unless the whole share capital is represented at the General Meeting and none of attendees objects to adopting a given resolution.
2. A motion to call the Extraordinary General Meeting or formal requests may be adopted even if not included in the agenda.
3. Shareholders present or represented at the General Meeting may not adopt a resolution on deleting items of the agenda that have been included therein at a request or demand of a Shareholder or Shareholders representing the lawful part of the Company's share capital or a part of total votes in the Company unless such a Shareholder or such Shareholders accept that.

§ 20

1. Subject to applicable legal regulations and the provisions of the Articles of Association, voting shall be open. Voting by secret ballot may be also ordered at a request of at least one of Shareholders present or represented at the General Meeting.
2. Votes shall be cast via the computer vote casting and counting system, which does not enable to identify votes cast by particular Shareholders in the case of voting by secret ballot. Before

ordering the first voting with the above system at the General Meeting, the Chairman shall ask persons operating the voting procedure to give brief training on the operation of voting equipment by Shareholders.

3. In the case votes may not be cast with the system referred to in § 20.2 and, in particular, in the case of the breakdown of the voting system or equipment, the Management Board shall ensure that voting cards are prepared. In such a situation, the Returning Committee referred to in § 15 hereof shall be appointed before voting, unless it has been established earlier.
4. Votes may be cast traditionally by raising hands (open voting) or with voting cards (voting by secret ballot) if the General Meeting is attended by not more than 20 Shareholders.

§ 21

1. Having closed the discussion, the Chairman shall inform which motions or proposals of amendments in the draft resolution (proposals of corrections) or new draft resolutions have been submitted under a given item of the agenda and then order a vote unless a procedural break is required.
2. If no proposals of corrections to a draft resolution made available to Shareholders in the Company's web site or other draft resolutions have been submitted and none of Shareholders requests to read out the draft before voting, the Chairman may give up reading it and refer to the draft published in the Company's web site.
3. In the case corrections to the draft resolution to be adopted by Shareholders at the General Meeting have been submitted, the Chairman shall firstly order voting on the adoption or rejection of corrections, provided that corrections causing that other corrections become pointless shall be voted on at first. In the case it is not possible to decide which corrections should be voted on as first, they shall be subject to voting on a first-come, first-served basis. 4. Before voting on the draft resolution in the form including the result of voting on corrections, the Chairman or a person indicated thereby shall read the draft resolution.
5. In the case several draft resolutions relating to the same item of the agenda have been submitted, voting thereon shall be ordered on a first-come, first-served basis, and if Shareholders adopt a resolution corresponding to one of drafts, voting on other drafts shall be given up.
6. The Chairman may order that Meeting Participants vote in the order defined by the Chairman.

§ 22

1. After the end of voting, the Chairman or a person indicated thereby shall inform Meeting Participants about voting results and state that the resolution has been adopted or has not been adopted since it has not obtained the required majority of votes.
2. Documents including all voting results shall be signed by the Chairman and the chairman of the Returning Committee referred to in § 15 hereof, if established.

§ 23

1. Any Shareholder that has voted against the resolution and wants to make an objection after Shareholders adopt the resolution shall make such an objection directly after the resolution is adopted (voting results are announced) and request that it is recorded in the minutes before another item of the agenda is discussed. In the case of later objections, which may not be made, however, after the closure of the General Meeting, the Shareholder shall indicate a resolution adopted by the General Meeting which he/she objects to.
2. Any Shareholder objecting to the resolution adopted by Shareholders at the General Meeting may request that a brief justification of his/her objection is included in the minutes from General Meeting.

APPOINTMENT OF SUPERVISORY BOARD MEMBERS

§ 24

1. Shareholders present or represented at the General Meeting may appoint only such a number of Supervisory Board members that results from the reduction of the number of Supervisory Board defined by the Shareholders' resolution by the number of Supervisory Board members which is appointed and dismissed by the State Treasury in accordance with the Articles of Association.
2. Shareholders intending to suggest candidates for Supervisory Board members shall present the Company with the justification of candidacies and professional experience of candidates within a period allowing other Shareholders for getting familiar with them before the General Meeting and adopting a resolution on the appointment of a Supervisory Board member. The Company shall make the information obtained from Shareholders immediately available to other Shareholders in the form set out in the announcement on the General Meeting in relation to the delivery of documentation and draft resolutions to be presented at the General Meeting.
3. Any Shareholder suggesting, in the manner stipulated in § 24.2, candidates for Supervisory Board members shall present the Company with such candidates' statements confirming that:
 - 1) a candidate meets or does not meet the criteria of independence of the Company and entities materially related to the Company within the meaning of Appendix II to the European Commission's Recommendation of 15 February 2005 on the role of non-executive directors or directors being members of the Supervisory Board of listed companies and (supervisory) board commissions;
 - 2) a candidate agrees to take over the function of a Supervisory Board in the case he/she is appointed;
 - 3) there are no obstacles to the candidate taking over such a function under commonly applicable legal regulations, and
 - 4) a candidate agrees that the Company processes his/her personal information, including its publication to Shareholders, for purposes required under the Supervisory Board member appointment procedure.

The statement may be also made verbally and recorded in the minutes from the General Meeting.
4. Candidates for Supervisory Board members may be suggested by every participant of the General Meeting. Such candidacies are recorded in the minutes with brief justification. In addition, the candidate's written statement referred to in § 24.3 shall be attached, unless made verbally and recorded in the minutes.

In the case of repeated voting ordered because of candidates for Supervisory Board members obtaining the equal number of votes, voting shall cover those candidates that have obtained the biggest number of votes. While in the case of failure to appoint Supervisory Board

members because of the absence of the absolute majority of votes, the election shall cover candidates who has obtained the biggest number of votes and the second round shall cover only candidates at a number by one bigger than the number of Supervisory Board members who have not been appointed in the first round. 10. If the Shareholder signed up to more than one group and such an inaccuracy has not been removed in spite of an additional break or has been overlooked, such a Shareholder may vote only in the group voting as first.
